## Experience

**Front End Developer** — **Remote**
*EzzGrow(Own Startup)* — *Aug. 2024 – Oct. 2024*

- Developed responsive and highly interactive web applications using the ReactJS framework, seamlessly integrating AceternityUI and ShadcnUI to enhance the user interface and experience
- Implemented robust user authentication and authorization features using Kindeauth, and efficiently managed database operations with Prisma ORM.
- Acquired strong proficiency in ReactJS, leveraging this technologies to build scalable and maintainable codebases projects

## Projects

**E-Commerce Website** / *MongoDB, Express.js, React.js, Socket.IO* — **Nov. 2024 – Dec. 2024**

- Designed a responsive E-Commerce Website using HTML, CSS, and JavaScript, featuring an interactive product catalog with filtering and sorting functionalities
- Developed a dynamic shopping cart system with real-time price updates, item quantity adjustments, and persistent state using local storage
- Optimized website performance by implementing lazy loading, responsive messaging capabilities using Socket.IO,ensuring low-latency communication

**Outfit Organiser** / *React.js, JavaScript, HTML, CSS, OpenWeatherMap API* — **Sep. 2024 – Oct. 2024**

- Built a responsive web app that suggests seasonal outfits based on real-time weather data using the OpenWeatherMap API
- Designed a modern and user-friendly UI/UX with four main features: Weather & Outfits, Outfit Analyzer, Style Assistant, and Energy Tips
- Utilized React.js for component-based architecture and smooth user interaction across devices

**Algorithm Visualizer**/ *HTML, CSS, JavaScript* — **June. 2024 – July. 2024**

- Built an interactive Algorithm Visualizer showcasing advanced sorting and searching algorithms
- Strengthened understanding of recursion and algorithm efficiency through practical implementation.

## Technical Skills

**Languages**: JavaScript, ES6, HTML, C++, TypeScript, Java
**Frontend Technologies**: React.js, Redux, TailwindCSS, ShadCN UI, AcertenityUI
**Backend Technologies**: Node.js, Express.js, Springboot
**Databases**: MySQL, MongoDB
**Tools**: Git, VS Code, Postman, Vercel, Render, Docker, Canva, Figma

## Accomplishments

Solved 350+ LeetCode problems, showcasing strong problem-solving and algorithm skills.

Secured INR 20K seed funding for EzzGrow startup; generated INR 77K+ revenue.

Certified in DSA, MERN Stack, DevOps; ranked Top 5 in AIESEC x GFG Hackathon.

## Education

**Lovely Professional University** — **Expected Jul. 2026**
*B.Tech Hons.(Full Stack Software Development)* — *Phagwara, Punjab*

**New Happy Public School, CBSE** — **Aug. 2022**
*Intermediate - 80%* — *Yamuna Nagar,Haryana*
